

Curled up cat Workshop

10th july 2011

Here are some results of our workshop on Sunday. As you can see we have a choice of asleep or awake and colouring. There was also the chance to make the blanket and bed.

Just for fun there was a couple of toy mice also created

The workshop was enjoyed by those who took part

We all express our thanks to bonnie who did the workshop and look forward to her 'westie' workshop next year
